1400 Sans Souci Parkway PO Box 878 Wilkes-Barre, PA 18703-0878

Keyless Security™ Document Pouch (Inter-Office Envelope)

Designed to improve upon the familiar manila inter-office envelope. Our Inter-Office Pouch is equipped with as-a-glance proof of tampering, offers five times the capacity of a standard transport envelope, and can be reused thousands of times, saving you money in the long run.

Keyless Security™ Seals

Uniquely numbered and non-duplicated security seals for all Keyless Security™ products. Tamper-evident seals are compatible with all Rifkin bags equipped with our patented Keyless Security™ chamber closure.

Secur-a-File™

Designed to fit inside a legal-size file cabinet, this heavy duty bag enables sensitive and non-sensitive paperwork to be stored in the same file cabinet drawers. Sensitive documents are stored within our Keyless Security-equipped file bag ensuring tamper-evident protection, while non-sensitive docs can be in regular folders alongside the bag.

Keyless Security™ Fire-shield™ Courier Bag

Protect your documents and other valuables in the event of a fire! Equipped with the Keyless Security™ tamper-evident closure. Laboratory tests showed this bag can withstand the high temperatures typical of vehicle fires.

Briefcase Style Courier Bag with Arcolock-7®

Easy-to-transport briefcase style bag protected by the high security, built-in Arcolock-7®, seven-pin tumbler. Ideal for secure transport of documents and for applications that require “bag-in-bag” security.

Fire-Shield™ Briefcase Style Courier Bag with Arcolock-7®

Designed to protect your original documents and valuable data in the event of an automobile or truck fire. Guards against fire damage until the contents can be safely retrieved.

Heavy-Duty Courier Bag with Arcolock-7®

Our most durable courier bag; built to withstand the wear and tear commonly associated with courier service transit. We have fortified all of the known “weak points” that compromise the lifespan of a bag.

Fire-Shield™ Heavy-Duty Courier Bag with Arcolock-7®

Designed to protect your original documents and valuable data while in transit. Laboratory tests showed this bag can withstand the high temperatures typical of vehicle fires.

Rifkin Safety Sac® Lock Bag

The Rifkin Safety Sac® is a reusable, fabric bag protected by the high security, built-in Arcolock-7®. Originally designed for night deposits, it has become the ideal container to store and transport coin, currency, checks, and sensitive documents.

Expandable Trans-Sac® Mailing Envelopes

Post Office approved, reusable and expandable fabric envelopes can survive hundreds of round trips by mail. Gusseted sides allow for consolidated bulk mailings so you can save money on postage with larger mailings. Designed for inter-office or inter-branch communications by mail or messenger.

Trans-Sac® Mailing Envelopes

Post Office approved, reusable fabric envelopes can survive hundreds of round trips by mail and hold up to 5 times as much as paper envelopes. Save money on postage through consolidated mailings. Designed for inter-office or inter-branch communications by mail or messenger.

SafeLok® Tamper-Evident Plastic Bags

The SafeLok® bag incorporates our Press2Lok® seal technology, utilizing a high security void tape with an in-line closure. The high-definition void graphics on this easy to seal bag make it a deterrent against theft as well as a favorite for high volume cash users.
