Incognito Hidden Lock Bags

For almost 90 years, Rifkin Security bags have protected the world's currency, valuables and sensitive documents. Our incognito line conceals Rifkin's high-security locks inside ordinary-looking bags, so thieves will not give you a second look.

These Incognito bags protect your personal safety as well as your valuables. Specifically designed to reduce unwanted attention from thieves, the bags ordinary appearances conceal a high-security locking compartment.

Incognito Security Bags are the key to staying safe.

**Designed to
reduce unwanted
